## 👤 PROFILE

Eager to join a new team of people, and assist them as a dedicated and passionate Junior Web Developer. Proficient in Back end technologies such as Node.js, Express.js MySQL, RESTful API's and Front end technologies such as JavaScript, CSS, HTML, jQuery and React.js. With a strong knowledge of the fundamentals of MVC, OOP and TDD, I'll be able to learn quickly to fit in any team at all levels of production. What I lack in experience, I will make up for in enthusiasm and a passion to learn and grow as a Developer.

## 📁 EMPLOYMENT HISTORY

### Full time caretaker, Richmond

August 2018

I moved from Perth to take care of my Mother who was diagnosed with Early Onset Alzheimer's disease in 2015. In doing so, I took on all responsibilities of her well being which included completing a course on dementia to give her the proper care she deserves. After all the continuous lock downs from COVID, I hired 6 staff to care for her during the weekdays whilst I study for the coding bootcamp which I'm 6 weeks as of today (17/06/22) away from graduating. Over the past four years I have learnt many things. Most of all, Resiliency and the importance of attention to detail.

### Warehouse Operator at Costa Logistics, Jandakot, WA

February 2015 — August 2018

I was studying at UWA whilst working night shift at Costa Logistics. With quotas and long shifts, this was a high paced job that was not tolerant of slowing down or mistakes. Along with my normal roles of warehouse work(picking & packing, loading trucks), I took on the role of training new staff.

### Cashier Supervisor at Garden City News, Booragoon, WA

March 2013 — July 2014

Roles included opening and closing the store, stock take, training new staff. My favourite part of the job was selling pens such as Mont Blanc, Cartier and Waterman pens. It provided a great challenge as the pens were upwards of \$800.

## 🎓 EDUCATION

### Secondary School, Courpus Christi College, Bateman, WA

February 2008 — November 2012

### Biomedicine, University of Western Australia, Perth

January 2017 — August 2018

After leaving my commerce course at Curtin University. I found an interest in medicine and public health. However, I left this degree to care for my Mother.

## ⚙️ COURSES

### Coding Boot Camp, Monash University

February 2022 — August 2022
